# ODORBAN

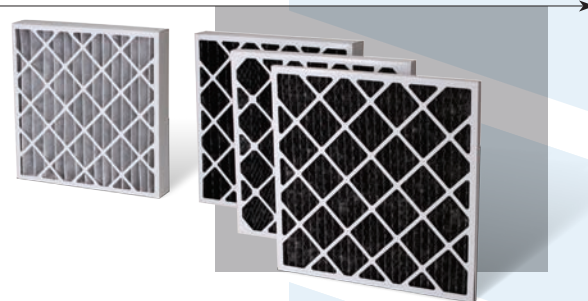

## EFFECTIVE ODOR REMOVAL

1", 2" and 4" Pleated Air Filters with excellent pleatability for sharp, crisp pleats

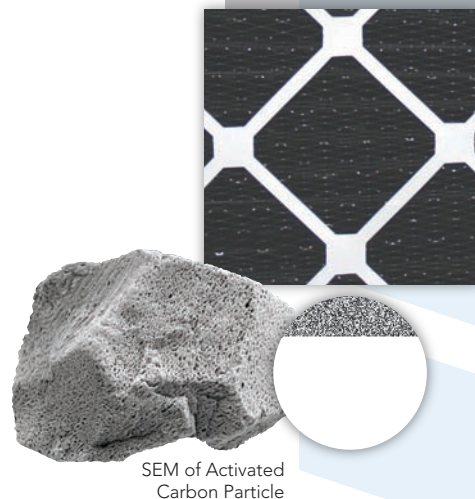

### ODORBAN FILTER

The OdorBan from Quality Filters utilizes two-stage filtration technology to remove odors, irritant gases, particulate and dust in some of the most challenging environments.

### FEATURES

- Two stage system combines thermally bonded 100% synthetic fibers with activated carbon.
- Activated carbon absorbs odors and irritants while maintaining a low resistance to air flow.
- Lightweight and durable.
- Also makes excellent pre-filters for multistage system. Honeycomb construction provides a high surface area to utilize every ounce of activated carbon.
- Available for 1", 2" and 4" pleated air filters.
- **MERV 8** rated per ASHRAE test standard 52.2.

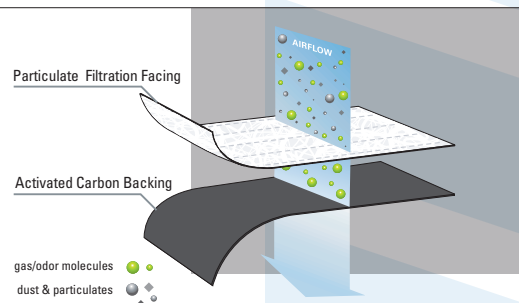

SEM of Activated Carbon Particle

### ODORBAN Filters are ideal for:

- Restaurants
- Health Clubs
- Pet Stores
- Doctor's office
- Veterinary Clinics
- Offices

Using air filters with odor control media may also help you qualify for LEED® credit under the LEED-EB program.
